

CLEANING ADVICE

Cleaning

Cleaning must be done with suitable products like grease-remover for the kitchen and products against hard water for the sink, the washbasin and the taps

LIVING ROOM :

- . Vacuum-clean the carpet
- . Clean the frame, the interior and the external sides of the door with water (sponge which do not scrape)
- . Window panes (water + ammonium or special glazes product "instanet" without sponge which scrapes!)
- . Desk: the sides + planks
- . Dust with water the shelves, wardrobe, desk, edge of windows.

KITCHEN:

- . Clean the floor with water and cleaning products
- . Degrease the white wall behind the cooker
- . Clean the sink and tap + remove the hard water regularly (with specific product e.g. Antikal)
- . Clean and degrease the work plan
- . Degrease and clean the cooker + buttons
- . Degrease and clean the extractor hood

. Defrost regularly and clean the refrigerator + freezer

BATHROOM :

- . Clean the walls and the floor with water and cleaning products
- . Washbasin: remove hard water spots with specific products
- . Clean the piece of furniture around the washbasin
- . Clean the mirror with the same products as for window panes
- . Remove hard water spots from the shower, the taps, walls, etc.
- . WC (! Do not forget the toilet seat + the wall behind the toilet and the sides)
- . Do not forget to vacuum-clean ventilation above the wash-hand basin

ADVICES :

- We will need: your new address and your bank account details so that we can refund your security deposit (IBAN + BIC + account holder's name for payments outside Belgium).
- Please remember to cancel your telephone subscriptions (landline, television, internet) & to contact 'ELECTRABEL' to provide your final meter readings AFTER the exit inventory for the tenants of the building 151
- Don't forget to change your address to the post office.

We wish you a good continuation.

Agence Eckelmans.
